ADMISSIONS AND PLACEMENT POLICY

Offers of places in all grades are determined by the following criteria

- i. The first offer of a place in any class/grade is made to students already enrolled at LICS, who have indicated that they wish to remain at LICS and have paid the full relevant enrolment fee. Places will be reserved for these students up to the end of January of each academic year.
- ii. The second offer of a place, if there are places available, is made to students who have siblings already enrolled at LICS and have paid the full enrolment fee. Places will be offered to these students based on availability after January of each academic year, and must be accepted by the end of February of each academic year.
- iii. If there are places remaining after tier I and II, these will be offered to other applicants on a first come-first served basis, strictly based on a date of application and payment of the full enrolment fee.
